The Big Issue is Australia's leading social enterprise. We are an independent, not-for-profit organisation that develops solutions to help homeless, disadvantaged and marginalised people positively change their lives.

*The Big Issue* magazine is published fortnightly and sold on the streets by vendors who purchase copies for \$3.50 and sell them for \$7, keeping the difference. Subscriptions are also available and provide employment for disadvantaged women as dispatch assistants.

For details on all our enterprises visit [thebigissue.org.au](http://thebigissue.org.au).
